Missing Endangered Juvenile

Released: July 5, 2011
Case No: 11-4463

On June 30, 2011, at 9:48 p.m., Beaverton police officers took a missing persons report regarding 16 year old Brianna (Bri) Lee O'Grady. She is visiting from Mesa, Arizona and believed to have run away from a family friend's house in the 8000 block of SW Brightfield Circle.

Brianna is a white female with long blond hair, 5'6" and only 85 pounds as she suffers from anorexia. She was last seen wearing skinny jeans, a sweatshirt, carrying a black purse and wearing white and pink tennis shoes. However, she has taken additional clothing with her.

Brianna has very little money with her and is unfamiliar with the area. She has no other family or friends in Oregon but may possibly be en route to Seattle. It's unknown if Brianna is in the company of another person.

Brianna has been listed on the National Center for Missing and Exploited Children website and is considered endangered due to her being anorexic. The Beaverton Police Department is asking the public's assistance in locating Brianna. Anyone with information is asked to call the Beaverton police at 503-629-0111.
